Resignation of the Colonial Secretary a Great Surprise.

Colonial Secretary Resigns From the British Cabinet.

POSITION OF BALFOUR

TWO OTHERS FOLLOW

It Seems to Be the General Opinion in Great Britain That the Premier Will Wait Until Parliament Next Meets.

In the Correspondence Between Sir Joseph and Balfour Former Declares "Dear Loaf" Is Not Properly Used.

London, Sept. 18.—Consternation and excitement were caused by the dramatic announcement of Joseph Chamberlain's resignation. The great majority of the public only learned the news from the morning papers and the astonishment in many cases was so great as to prevent the expression of any coherent opinion. The Pall Mall Gazette approximately sums the general feeling by describing the present crisis as the "most extraordinary in the whole history of the constitutional government," adding that what may happen next no one can forecast with any degree of absolute certainty. The Pall Mall Gazette states that Premier Balfour will fill up the vacancies and carry on the government until he meets parliament in 1904. Mr. Chamberlain also does not look for an immediate general election, expecting at least a twelve months' propaganda before the electorate can decide upon proposals. Other rumors are current that Mr. Balfour is unable to find men to fill the vacancies and he will be obliged to hand the king his own resignation. This, however, does not appear to be likely. The Westminster Gazette and other papers forecast Lord Milner, high commissioner of South Africa, succeeding to the colonial office, and it is definitely announced that Lord Stanley, financial secretary to the war office, and probably James Lowther, dep-

London, Sept. 18.—The official announcement of the resignations of Mr. Chamberlain and two other members of the cabinet, which were announced by the Associated Press Thursday, was made that night at Downing street in the following communication: "The following ministers have tendered their resignations which have been accepted by the king: Right Hon. Joseph Chamberlain, secretary of the colonies; Right Honorable C. T. Ritchie, chancellor of the exchequer, and Lord George Hamilton, secretary for India." Accompanying correspondence that passed between the premier, Right Honorable A. J. Balfour, and Mr. Chamberlain, is given and then follows Mr. Chamberlain's letter dated Birmingham, Sept. 9. The first portion of this letter refers to Mr. Chamberlain's first speech at Birmingham and Mr. Balfour's reply to the corn tax deputation. Mr. Chamberlain says that neither of them was intended to provoke a purely party controversy. He points out the unyielding opposition of the Liberal party, which scouted the idea that a system generally accepted in 1846 could possibly require modification in 1903. Meanwhile the advocates of the reconsideration were at a

uty speaker, will be among those promoted to the cabinet, but details of the reconstruction are not likely to be known until Mr. Balfour has seen the king. Almost every paper has its own candidates for the various vacant offices, but few prophecies coincide.

The attitude of the Duke of Devonshire, lord president of the council, being unknown to the public, creates further uncertainty. Lord Rothschild's statement to the Associated Press, however, can be safely taken as an indication that the duke intends to support Mr. Balfour at any rate until parliament meets.

From all parts of the United Kingdom and empire editorial expressions on the crisis are pouring in. Government organs frankly admit that Mr. Chamberlain's withdrawal came as a bombshell. Liberal organs, though announcing the "wreck of the Tory party," which is described as being "Hamlet without the prince," nearly all agree in saying Mr. Chamberlain's resignation does not mean victory for free trade.

"Though the man is gone," says the Star, "his policy remains. This is Mr. Chamberlain's Elba. He has yet to meet his Waterloo. This is borne out by reports from Birmingham, where a powerful organization which favors a preferential tariff is centered. There, though the resignation of the head and shoulders of the movement came as a great surprise, ceaseless activity prevails, and it is announced that Mr. Chamberlain's previous arrangements for the campaign will be carried out."

Within a Fortnight.

London, Sept. 18.—The Associated Press has learned the new cabinet may be formed within a fortnight.

WOMEN PAINTING.

Fell Out With the Union and Handling Brushes Themselves.

New York, Sept. 18.—The women of Wallington, N. J., have defied the Painters' and Decorators' union and have formed a league to paint their own houses. They had difficulty with the unionists over the matter of wages, and as a result have begun a co-operation scheme whereby the town is rapidly acquiring a new coat of colors without the aid of the men.

JOSEPH CHAMBERLAIN.

great disadvantage owing to the admitted differences of opinion inside the party. The political organization was paralyzed.

Mr. Chamberlain declares that an unscrupulous use has been made of the old cry of "dear loaf," and that serious prejudice has been created. In the rest of the letter he goes briefly over the same ground regarding protection as did Mr. Balfour in his recent statement.

Mr. Balfour, in a letter to Mr. Chamberlain dated September 16, explains that he did not reply earlier because he knew he would have an opportunity of talking over the important issues with which the letter deals.

COURTMARTIAL TRIALS.

Numbers of Turkish Officers Charged With Ignorance and Negligence.

Salonica, Sept. 18.—Orders were received from Constantinople to try by courtmartial all Turkish officers whose ignorance or negligence permitted the escape of insurgents.

Hilmi Pasha, the inspector general, telegraphs that in the fight at Kaimakchalan on Sept. 16, 160 Bulgarians were killed, and that in the engagement at Kasu 200 Bulgarians were killed.

Ibrahim Pasha telegraphs from Serres that in an encounter near Melnik forty-nine Bulgarians were killed. The Turks lost seven men. The fugitive insurgents were pursued, and surrendered at Junaibala, where thirty of them were killed and twenty were wounded.

ELECT OFFICERS.

Colonel W. C. P. Breckinridge of Kentucky Made an Address.

Indianapolis, Ind., Sept. 18.—The National Association of Mexican War Veterans elected the following officers: President—James C. Carlton, Bedford, Ind.

Vice President—S. P. Tufts, Centralia, Ill.

Secretary—Mrs. Moore Murdock, Fort Worth, Tex.

Treasurer—Leroy Wiley, Paris, Ill.

Colonel W. C. P. Breckinridge of Kentucky addressed the convention.

Is Premature.

London, Sept. 18.—The foreign office informs the Associated Press that the report published by the Daily Chronicle that Great Britain had decided on the dispatch of a squadron to Turkish waters is entirely premature, and that it is most unlikely that Great Britain will take such a step.

Easy Pill

Easy to take and easy to act is that famous little pill DeWitt's Little Early Risers. This is due to the fact that they tonic the liver instead of purging it. They never gripe nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and fevers.

PROMPT SERVICE AT ALL HOURS DAY OR NIGHT

Mrs. Fred Vnrath,

No. 228 Territorial Street, Benton Harbor, Mich.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Mrs. Fred Vnrath.

hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

BRYAN TEXAS, SEP. 23, 1903.

The circus people are liable to
find boll weevils in their ticket
wagons while travelling through
Texas this year.

At last accounts the Kentucky
feudists hadn't killed any of the
Salvation army, but were just
standing around in "open mouthed
wonder."

Some of the Brazos bottom plan-
ters showed Prof. Sayous a katydid
the other day for a boll weevil and
they say he was almost ready to
exclaim with Alphonse and Gas-
ton, "I wish to return instantly to
that dear Paris."

The business men of Bryan will
find it profitable to cultivate the
Leon and Burleson county trade a
little more closely we believe.
Many of these people come here
and many more can be induced to
come.

In a few more years this part of
Texas will be supplying other
less favored sections with the
choicest apples, pears, quinces,
peaches, apricots, plums and
grapes. All of these have been
tested at several places in this and
adjoining counties, with results
that are entirely satisfactory. Al-
most everybody is going to plant
trees during the coming winter.—

TRUCK GROWERS.

Meet at Palestine and Have a Most In-
teresting Session.

Palestine, Tex., Sept. 18.—The East
Texas Truck and Fruit Growers' as-
sociation met here Thursday. Presi-
dent Dick called the meeting to order
and delivered the address of welcome.
Judge E. B. Alford responded. A. G.
Greenwood spoke on the duty of the
merchant to the truck growers of
Texas.

During the afternoon meeting Mr.
Sam H. Dixon, director of horticultural
exhibits for the World's fair, made an
address upon the much discussed prob-
lem of whether Texas has or can reach
the period of over-production. He
showed clearly how our truck growers,
as well as fruit growers, can solve the
problem of over-production and that
there was greater need for more stuff
than for less and closer and more per-
fect organization for the profitable
distribution of the products raised. He
was followed by Prof. F. W. Maly
upon a comparison of Texas and Cali-
fornia with reference to existing con-
ditions and their future development.
He showed plainly that Texas fruit
and truck crops are earlier than those
of California and need never fear any
competition from that great fruit
State.

East Texas Carnival.

Palestine, Tex., Sept. 18.—The East
Texas carnival is attracting a goodly
attendance. General Grant and Mrs.
Grant and Governor Lanham are on
hand. General Grant and Governor
Lanham reviewed the troops. The
Knights of Pythias also passed in re-
view and made an imposing appear-
ance.

The committee on award gave first
prize to Anderson county and third
to Rusk and divided the second be-
tween Smith and Leon counties.

THOUSANDS COME.

Railroads Bring In Homesckers to
the Lone Star State.

Dallas, Sept. 18.—Thousands of
homesckers entered Texas Thursday.
These newcomers are from Iowa, Illi-
nois, Kansas, Nebraska and Missouri.
The Cotton Belt brought forty direct
to Dallas, having distributed several
through Arkansas and points on their
line in Texas. All lines ran their
trains in sections, and every section
was crowded.

Eleven Coaches at Vernon.

Vernon, Tex., Sept. 18.—An im-
migration train of eleven coaches ar-
rived over the Frisco. The passengers
were carried up town and breakfast
was served by the ladies of different
churches. The procession was formed,
and they were driven to the 28,000-
acre tract of land on Red river, owned
by W. T. Waggoner, which is cut up
into 240-acre tracts.

OFF FOR ITALY.

Over One Hundred Miners Took Their
Departure Thursday.

Thunder Junction, Tex., Sept. 18.—
More than 100 men left here Thursday
for Italy. Many of them bought six
pairs of shoes before leaving. Some
of these men went away without get-
ting their union cards. A card costs
\$1.75—\$1 for initiation and 75 cents for
dues. Those who went abroad sold
their tools as the company at a frac-
tion of their original cost. Cows,
horses and other property that could
not be taken away went cheap.

Books Delayed.

Austin, Aug. 18.—The supply of ge-
ographies, spelling books, physiologies
and copybooks have not been received
from the publishing houses which were
awarded the book contracts by the city
school board. The delay is hampering
the work of the city public schools,
which opened last Monday.

Sanitation Urged.

Austin, Sept. 18.—In a letter to health
officers State Health Officer Tabor
urges the liberal use of kerosene oil in
tanks, cisterns and pools of stagnant
water twice a week. He says yellow
fever is near, and prompt action is
required to prevent an epidemic. Mos-
quitoes, the doctor declares, are the
chief menace.

To Be Laid Oct. 11.

Waco, Sept. 18.—The cornerstone of
the Provident hospital will be laid on
Oct. 11, with elaborate ceremonies, by
Rt. Rev. N. A. Gallagher, bishop of
Galveston.

AGENT RESTRAINED.

Cannot Interfere With Miners Upon
Indian Allotments.

Lawton, Okla., Sept. 18.—Judge Gil-
lette has issued an order restraining
Colonel Randlett, Indian agent at An-
adarko, from interfering with mines
located upon the Indian allotments.

The shaft is the "Mary McClain,"
and is seventy feet deep. The ore
taken therefrom runs \$15 to the ton.
This order means much to the miner
who is located upon an Indian allot-
ment.

One shaft and all its machinery, val-
ued at \$300, was destroyed a week ago
for same cause.

Killed While Hunting.

Lawton, Okla., Sept. 18.—Charles
Birkofer of Mount Scott, while hunting,
was crawling through some under-
brush, when he accidentally discharged
his shotgun, the shot entering his ab-
domen. He died a few hours after-
ward.

Conscience Contribution.

Washington, Sept. 18.—The secretary
of the treasury has received from an
unknown person at San Antonio, Tex.,
a conscience contribution of \$20.

Lipton Much Better.

Chicago, Sept. 18.—Sir Thomas Lip-
ton's condition is satisfactory.

The will of the late G. A. Quinn,
who died at Houston Aug. 20, 1903, was
filed for probate at Dallas on the 20th.
His estate is valued at \$20,000.

VERDICT FOR \$3000.

The suit of H. S. Ramsey, et al, vs. the H. & T. C. railroad company was taken up in the district court Thursday. This suit is for \$10,000 damages, and grew out of the killing of John Ramsey by a passenger train, while the latter was riding a railroad velocipede below College Station on the night of August 3. Mr. and Mrs. H. S. Ramsey parents of deceased, and other relatives, attended the trial.

The case went to the jury yesterday afternoon, and a verdict for \$3,000 was returned.

Diversification pays—alto advertising. Mr. J. R. Smith of Reliance was in the city yesterday and reported that the article regarding his winter peanuts, which was published in the Eagle and sent to the Galveston and Dallas News, had been copied in an agricultural paper and he is now getting requests for seed from a distance as well as from home people. Nothing will advertise Brazos county better than for the farmers to report their diversification notes to home papers and let them be sent out to the state papers by the local correspondents.

D. S. Hart, cotton buyer for S. Samuels, purchased over 450 bales of cotton yesterday paying therefor at the First National bank a little better than \$25,000. That is more cotton than some towns have received. In fact, the buyers here tell us—and there are ten of them representing the best firms doing business in Texas—that Bryan is at present receiving more cotton than any other town in the state.

Ed Payne, Tom Closs, Sol Mabry and J. M. Lawless of Edge were in the city yesterday.

Rather Underestimated.

London, Sept. 18.—The Westminster Gazette says a well known London journalist cables from Belgrade, as follows: "Starting with pro-Turkish sympathies, I found overwhelming evidence convincingly proving that Turkish atrocities are rather under estimated."

Eleven Witnesses Heard.

Cynthiana, Ky., Sept. 18.—In the Curtis Jett case eleven witnesses testified that they heard shots fired and immediately afterward saw Jett come out of the courthouse. Harris Blanton said he heard Jett say:

Lighthouse Flooded and Schooner Sails Torn to Ribbons.

Philadelphia, Sept. 18.—The government lighthouse keeper at Harbor Refuge, Delaware breakwater, came ashore and reports the lighthouse sustained much damage by Wednesday's storm. The keeper says the windows were smashed and the entire house flooded. Supplies on hand were ruined by salt water and the keeper was forced to come ashore for oil to keep the light burning. Reports to the maritime exchange are to the effect that a three-masted schooner is at anchor at Rehobeth, Del., with her foremast gone and sails blown to ribbons.

PORTING JETT

Statement Made by a Brother of Cockrill.

TOLD IN COURTROOM.

He Said That the Mother of Defendant Stated to Him Her Son Was Willing to Make a Full Confession.

Cynthiana, Ky., Sept. 18.—In the trial of Curtis Jett for the alleged assassination of James Cockrill at Jackson forty witnesses for the prosecution were called Thursday morning and thirty-eight answered. Among those absent were D. B. Redwine, judge of the Breathitt circuit court. The defense made a motion and filed defendant's affidavits to set aside the swearing the jury and continue the case on account of the absence of many witnesses. The motion was overruled and the defense was given an hour's time to prepare an affidavit as to what the absent witnesses would testify to.

Thomas Cockrill, prosecuting witness in the case against Jett for killing his brother, made a sensational statement in the afternoon. Cockrill stated that Curtis Jett's mother had just appealed to him because the friends of her son in former trials were now deserting him. Cockrill says Jett's mother says her son will tell all if he is spared from the gallows. Cockrill says he told her the case was now beyond his control, and then he learned that Jett was with difficulty prevented from making a confession involving prominent people, and that he had said he would confess all before he would stand trial in the pending case, and that the only chance now of preventing a confession was in a continuance of the case.

Judge Osborne overruled the motions for continuance, and the state began its evidence.

ANOTHER STORM.

New York City and Vicinity Experienced Severe Wind Thursday.

New York, Sept. 18.—Following Wednesday's hurricane came another severe storm Thursday. In New York City the gale blew at the rate sixty-seven miles an hour, which was stronger than Wednesday's gale. The damage was not so widespread, however, because the storm did not last so long. Fishing schooners that arrived brought tales of disasters from all along the coast. At least half a dozen men were drowned from these boats.

During the height of the storm one of the United States cruiser Chicago's launches, carrying the paymaster, an engineer and four men put off from shore at Tompkinsville, Staten Island. Out in the stream the launch was swamped and all the men went overboard. The paymaster had with him a satchel containing \$27,000, but according to the regulations it was attached to a buoy. The light house tender, Daisy, saved the men when they were almost exhausted, and a boat's crew sent out from the Chicago went in search of the money, which, after a long search was found.

In New York City the subway was flooded. Many of the workmen were injured and several of them received serious shocks from electric currents. Several persons were burned by electricity.

CHINESE MADE TO LEAVE.

At the Points of Revolvers They Were Driven From a Nevada City.

Tonopah, Nev., Sept. 18.—Twelve or fifteen men invaded Chinatown, and at the point of revolvers compelled a number of Chinese to leave town at once. Several who did not comply were beaten, dragged to the outskirts of the town and told to take the road to Sodaville. Later all but one Chinese returned to town and informed the police. They said that Ping Ting, seventy-three years of age, proprietor of a wash house, was one of the victims, and they believed he had perished on the road. Searching parties were sent out and found his mutilated body three miles west of Tonopah.

The Chinese were robbed of several hundred dollars before being run out of town. Eighteen men, mostly cooks and waiters, have been arrested and are now in jail. Among the number is A. Randel, president of a labor union. A meeting of citizens of Tonopah was held, at which 1000 persons were present, and resolutions were adopted denouncing the action of the mob.

IRRIGATION CONGRESS.

Committee on Resolutions Presented Names of Officers Decided On.

Ogden, Utah, Sept. 18.—The committee on nominations of the National Irrigation Congress named the following as officers:

President—W. A. Clark, Montana.

First Vice President—W. L. Shortliff, Utah.

Second Vice President—W. C. Johnston, Denver.

Third Vice President—John Hall, Texas.

Secretary—H. B. Maxon, Reno, Nev.

Dashed Over Embankment.

St. Johnsbury, Vt., Sept. 18.—An automobile speeding at fifty miles an hour at the Caledonian county fair dashed over an embankment fifteen feet high causing the death of Hebert Lamphre. Dr. John M. Allen, who was operating the machine, was severely injured, and another man named Fred Garrick was hurt.

Reshid Bey's New Job.

Constantinople, Sept. 18.—Haili Pasha, formerly vali of Brusia, Asia Minor, has been appointed vali of Beirut. Reshid Bey, who was removed from Beirut as the result of United States Minister Leishman's representations, has been appointed vali of Brusia.

TO BUILD DEPOTS.

Houston Contractor Secures a Large Amount of Railroad Work.

Austin, Sept. 18.—General Manager Baker of the Trinity and Brazos Valley railroad awarded the contract for building a series of freight and passenger depots from Mexia to Cleburne to J. T. Taylor, a contractor of Houston. The depots will be along entirely original lines and will cost approximately \$100,000. Work is to commence immediately. Those at Hillsboro and Cleburne will cost \$20,000 each.

The first frost of the season fell Friday morning. It is believed that it did some damage to crops. It was quite heavy and fell all over Travis county.

A vigorous sanitary campaign will be waged in Austin as the result of the communication issued by State Health Officer Tabor. The city council will act in conjunction with county and city health authorities.

The attorney general filed suit in the district court on behalf of the state against Estelle Carwell et al. of New York to recover ten sections of public lands situated in Crockett county. Comptroller issued \$10,000 Hays county road and bridge bonds.

MARSTON ARRIVED.

President of Texas and Pacific Coal Company Goes to Thurber.

Fort Worth, Sept. 18.—Edgar Marston, president of the Texas and Pacific Coal company, arrived from New York by special car. He, General Manager Gordon and Sales Agent Goetz, left at once for Thurber. It is said these officials will endeavor to adjust the troubles and resume operations.

DR. MOORE DEAD.

Noted Divine Passes Away Suddenly at His Home in Sherman.

Sherman, Tex., Sept. 18.—Rev. John S. Moore, pastor of the First Presbyterian church for nearly twenty-five years, died suddenly Thursday. Dr. Moore was a native of Mississippi, and of Scotch-Irish parentage. He was a gallant Confederate soldier, and was wounded at the battle of Seven Pines. As a divine he was one of the foremost of his church.

TOO PATRIOTIC.

Dr. Gutierrez Does Not Think That Panama Intends Seceding.

New York, Sept. 18.—General Jorego Roa and Dr. Rafino Roa and Dr. Rafino Gutierrez, both for many years prominent in the politics of Colombia, arrived here from Bogota. Despite a decided reaction at the time they left the capital, the canal treaty is not likely to be approved, they say. General Roa said there were at least five candidates for the presidency—General Rafael Reyes, who, it has been developed here, can have it whenever he cares for it; Lorenzo Marroquin, son of President Marroquin; General Joaquin Velaz, General Pedro Nelospino and Gonzales Valencia. As to the reports that in the event the treaty is not ratified the department of Panama will secede from the republic and organize its own national government, Dr. Gutierrez said: "I think the people of Panama will abide by the decision of the majority. They are too patriotic to sever themselves from the mother government."

Continued For Canada.

London, Sept. 18.—At Thursday's session of the Alaskan boundary commission Attorney General Finlay continued in behalf of Canada the discussion of the proper location of the Portland channel. The attorney general's argument will not be completed before Sept. 21. David T. Watson of Pittsburgh will open for the American side Sept. 22.

Burned in Effigy.

Lacrosse, Wis., Sept. 18.—Thursday night a large crowd of students of the local high school gathered on the campus and burned in effigy Principal Hemmingway because some of their number had been refused permission to play on the school football team this season. Their scholarship did not come up to the required standard.

Worst Flood in Years.

Lacrosse, Wis., Sept. 18.—The worst flood experienced in this portion of the Mississippi valley for years is submerging thousands of acres of farm lands along the river, sweeping away stacks of hay and grain, drowning live stock in the fields and doing inestimable damage.

Was Not Severe.

Kansas City, Sept. 18.—Weather conditions throughout Kansas and western Missouri Thursday night were much the same as on the previous night. Frost occurred at several points, but not severe enough to kill.

Corn Believed Injured.

Chicago, Sept. 18.—At 7 o'clock Friday morning a heavy frost prevailed here and in northern Illinois. The local temperature was forty-one degrees. Considerable damage is believed to have been done corn.

Corn So Far Safe.

Topeka, Kan., Sept. 18.—This section had no frost on Thursday night. Corn so far is safe.

Two Still Missing.

New York, Sept. 18.—The Gypsy Girl, one of the missing fishing schooners of Fulton market, came into port. Although the smallest vessel in the fleet, she went through the storm of Wednesday without damage. Two others, the Little Peterson, with a crew of twenty-one, and Emily Wright, with seventeen, have not been reported.

No Frost Thursday Night.

St. Louis, Sept. 18.—No frost was reported by the weather bureau here Thursday night, although the weather was cold.

Refreshing Sleep.

Chicago, Sept. 18.—Sir Thomas Lipton enjoyed a refreshing sleep Thursday night and his friends are greatly pleased with his condition.

Why Foam Is White.

The question as to why all foam is white is not an easy one to understand, but the fact is that foam is always white, whatever may be the color of the beverage itself. The froth produced on a bottle of the blackest ink is white and would be perfectly so were it not tinged to a certain extent by particles of the liquid which the bubbles hold in mechanical suspension. As to the cause of this whiteness, it is sufficient to say that it is due to the large number of reflecting surfaces formed by the foam, for it is these surfaces which, by reflecting the light, produce upon our eyes the impression of white.

If we remember that all bodies owe their colors to the rays of light, which they cannot absorb, and all bodies which reflect all the light they receive, without absorbing any, appear perfectly white, we shall be prepared to understand how the multitude of reflecting surfaces formed by the foam, and which do not absorb any light, must necessarily give the froth a white appearance. It is for the same reason that any very fine powder appears white, even the blackest marble, when ground to dust, losing every trace of its original color.

The Doctor Knew Best.

A Pennsylvania farmer named Hans was subject to some kind of fits which rendered him totally unconscious for hours at a time and on several occasions convinced his good wife that she was a widow. It was pretty generally known that she was by no means averse to the widowed state, for she and the doughty Hans did not live in peace and amity.

One day Hans was stricken as usual. The good wife applied the usual remedies, but this time they failed to revive the unconscious man. A doctor was called, and after a thorough examination he shook his head and said solemnly:

"Dot iss zu bed. Hiss iss todt (dead)." The widow pretended to be overcome with grief, and, leaning over the prostrate form of her husband, she wailed: "Oh, mein Hans iss todt! Mein Hans iss todt!" But Hans, reviving suddenly, exclaimed: "Nehn, nein! Ich ben nit todt!" "Hans," said his wife reprovingly, "He still. Der doctor knows best."

Singing Cattle to Sleep.

A curious instance of the power of music comes from the western ranches, where the cowboys have learned that they can sing cattle to sleep. At "bedding time" a rider will ride to the front of a herd, stop it, and then he will ride rapidly around and around it till the cattle are herded close together. He usually sings or whistles while he is doing this, and presently one of the herd lies down, to be followed in quick succession by the others, till in ten minutes a herd of 500 may be all down. The cowboy now rides slowly around them, stopping occasionally if he desires to, and whistling or singing, as he likes. But should the herd get up or become excited in the night he rides around rapidly and sings until they are quiet.—New York Tribune.

Seeing With One Eye.

A great many, perhaps the majority, of otherwise well informed people believe that they see the same with one eye as with both eyes. That this is not the case one can easily convince himself by the following simple experiment: Cover one of the eyes with a hand or a bandage and let the experimenter attempt to snuff out a candle suddenly placed within a few feet of him. He will almost invariably miss the flame, either overreaching, underreaching or putting the fingers too far to the right or left of the flame. With both eyes normal and open the accommodation for distance and direction is instantaneous.

Washing a Sweater.

Sometimes a sweater that has been sent out to be laundered will come back distorted in shape. Often it is the sleeves, which will be abbreviated to nothing or stretched to almost twice their natural length. In the latter case, procure some thick boards, just the length that you would have the sleeves. Dip the sleeves into boiling water, push a board into each so as to stretch it transversely, then dry in the hot sun. When dry, dip again in boiling water, this time slightly salted, and dry again in the sun on the boards.

The Skeleton at Large.

"Do you know," she said, "the Browns have a skeleton in the closet?" "Oh, no," he replied carelessly. "But I'm sure of it," she insisted. "And I'm just as sure you're wrong," he returned. "The comments I've heard are enough to prove that that skeleton of theirs isn't in the closet at all; it's wandering all over the neighborhood."—Chicago Post.

The "Grain of Truth."

"Pa, what's a grain of truth?" "It is generally the thing that keeps all the women in the neighborhood saying: 'Well, I declare! I never would have thought it!' 'You don't say!' 'I never did believe she was as innocent as she tried to make out!' and 'I feel so sorry for her children!'"—Chicago Record-Herald.

Just Saved From Starvation.

When in 1891 Miss Balfour was visiting the west of Ireland and studying the condition of the people she asked one of them how they were getting on in a particular village. "Arrah, miss, sure and if it wasn't for the famine we'd be shtarving!"—John Bull.

Two Sides of a Case.

Slowpay—Doctor, I suppose you can recommend your tailor to me? Doctor—Certainly, but you will have to get some one else to recommend you to my tailor.—Medical Brief.
